Note: The "Protestant" figures from the Religious Landscape Studies may differ slightly from previously published reports because they include Jehovah's Witnesses and Christian Scientists so as to make the "Protestant" category as similar as possible to the aggregated political surveys. In the Religious Landscape Study reports, Jehovah's Witnesses are categorized as a separate religious tradition, and Christian Scientists are part of the "Other Christian" category. There is no equivalent to the "Other Christian" category in the aggregated political surveys. Figures may not add to 100% or to subtotals indicated due to rounding.

Note: The "Protestant" figures from the Religious Landscape Studies may differ slightly from previously published reports because they include Jehovah's Witnesses and Christian Scientists so as to make the "Protestant" category as similar as possible to the aggregated political surveys. In the Religious Landscape Study reports, Jehovah's Witnesses are categorized as a separate religious tradition, and Christian Scientists are part of the "Other Christian" category. There is no equivalent to the "Other Christian" category in the aggregated political surveys. Figures may not add to 100% or to subtotals indicated due to rounding.

Note: The "Protestant" figures from the Religious Landscape Studies may differ slightly from previously published reports because they include Jehovah's Witnesses and Christian Scientists so as to make the "Protestant" category as similar as possible to the aggregated political surveys. In the Religious Landscape Study reports, Jehovah's Witnesses are categorized as a separate religious tradition, and Christian Scientists are part of the "Other Christian" category. There is no equivalent to the "Other Christian" category in the aggregated political surveys. Figures may not add to 100% or to subtotals indicated due to rounding.
